School Canteen Guidelines and Policies

In Australia, each state and territory has a nutrition policy and/or guidelines that outline the criteria for products sold in the school canteen. Policies and guidelines relevant to this resource include:

AUSTRALIAN CAPITAL TERRITORY
National Healthy School Canteen Guidelines

NORTHERN TERRITORY
School Nutrition and Healthy Eating Policy and Guidelines

QUEENSLAND
Smart Choices Healthy Food and Drink Supply Strategy

SOUTH AUSTRALIA
Right Bite Healthy Food and Drink Supply Strategy

VICTORIA
School Canteens and Other School Food Services Policy

For more information on the various school canteen guidelines and policies, visit healthy-kids.com.au/school-canteens/canteen-guidelines/

The Traffic Light System

Each of the states and territories listed above uses a Traffic Light System to classify foods and drinks as GREEN, AMBER or RED based on their nutritional value.

Note: In Victoria, GREEN products are referred to as "Everyday", AMBER as "Select Carefully" and RED as "Occasionally".

GREEN foods and drinks are the best choices for the school canteen and should therefore be encouraged and promoted. They contain a wide range of nutrients and are generally lower in saturated fat, sodium (salt), and/or sugar. **GREEN** foods and drinks fall into the five food groups and should make up the majority of the menu.

AMBER foods and drinks contain some nutritional value, but generally contain higher amounts of saturated fat, sodium (salt) and/or sugar. Consumption of **AMBER** items in large amounts can result in excess energy (kilojoule) intake and should therefore be provided in smaller serve sizes and should not dominate your menu.

RED foods and drinks lack adequate nutritional value and are typically high in energy (kilojoules), saturated fat, sodium (salt) and/or sugar. They are not essential for a healthy diet and therefore should not be on the canteen menu.

About the Buyers' Guide

The School Canteen Buyers' Guide (Buyers' Guide) is a tool that assists schools to select products for their canteen menu in line with their state/territory canteen guidelines and policies.

Food and drink companies have the opportunity to register their products annually for inclusion in the Buyers' Guide.

To ensure that only the healthiest products are included in the Buyers' Guide, products must first meet the **Healthy Kids Nutrient Standard 2023**: healthy-kids.com.au/healthy-kids-nutrient-standard-2023/.

Products that meet the Healthy Kids Nutrient Standard 2023 are then assessed against the guidelines and/or policies in each state/territory and classified as GREEN, AMBER or RED.

How to Read the Buyers' Guide

Sample listing:

CATEGORY AND SUBCATEGORY
Products are sorted by category, subcategory and company to make them easy to find, e.g. all Flavoured Milk and Dairy-free Alternatives are grouped together within the Drinks category. Subcategories are grouped according to the nutrient criteria used to assess them.

PRODUCT
The product name and flavour/variety of Healthy Kids Registered Products.

PRODUCT CODE
The unique product codes have been provided by the company. Products with more than one pack size listed, or that do not have a product code, have N/A listed in this column.

SUBCATEGORY NOTE
A note is added when a product must be served in a certain way in order to receive the classification that has been listed.

DRINKS

Flavoured Milk and Dairy-free Alternatives

NT/SA: Maximum serve size 375mL. **QLD:** Maximum serve size 500mL. For hot chocolate and other milk flavouring powders, limit serving size to 250mL and do not add more than 2tsp powder.

COMPANY DETAILS
The name of the company. Use the contact details provided in the Buyers' Guide to order or enquire about products.

NEWLY REGISTERED
Products registered for the first time in the Healthy Kids Product Registration Scheme in 2023 are listed as "**NEW**".

PACK SIZE
The size of the product registered with Healthy Kids. These may be individual portions or bulk packs. Some products may be listed as **RED** due to exceeding the maximum serve size for that state/territory.

COLOUR CODING
- **GREEN Products**
- **AMBER Products**
- **RED Products**

The colour coding given to each product is based on how the product is classified against each state/territory guidelines and policies.

Disclaimer: Healthy Kids Association has undertaken a process to ensure the information in this Buyers' Guide is accurate and reliable at the date of publication, however there may be instances where state and territory guidelines and policies are updated throughout the year, or products are reformulated and no longer meet criteria. It is the purchaser's responsibility to decide the suitability of each product for their school and canteen setting. Healthy Kids Association is not liable for products purchased. The information contained in this Buyers' Guide is based on information provided by companies and on product labels. See the Buyers' Guide page on our website for information on and changes to product classifications throughout the year.

Healthy Kids Association is dedicated to empowering children and their families with knowledge about nutrition and healthy eating to make the best decisions for their health – now and for a healthy future.

We achieve impact by focusing on where children are learning about health and where they are making decisions about food and nutrition. This includes at the canteen, at school, and at home.

For canteens, we provide information, support and advice to ensure canteens are able to offer and promote high quality and nutritious choices to school students to fuel healthy bodies and minds.

For schools, we focus on supporting the creation of a healthy learning environment, with high quality information, resources, programs and advice designed to help schools deliver messages around nutrition. We make sure these messages get home through communication with parents and empower children to make changes in their own lives.

Our membership program is an integral part of delivering this support through canteens, schools and families.

We also drive change that will directly impact children and families by working with the Government, food industry and other health promotion organisations to promote our core mission and messages. We pride ourselves on working hand in hand with our partners to grow our impact.

While our key focus is on children and families in NSW and the ACT, Healthy Kids Association also works nationally to promote nutrition and healthy eating through our partnerships, particularly with the food industry.

Get in touch with our team anytime:
(02) 9876 1300, or email info@healthy-kids.com.au

Our mission:

Influence industry and government, support healthy learning environments, educate kids and families, inspire communities and create healthy habits for life.

Is your school experiencing the benefits?

As a member of Healthy Kids Association, your school and canteen will have access to all the right advice and guidance to help you create a healthy learning environment for your students.

What's included in membership:

Access to Healthy Kids Online. This huge online resource centre includes:

- Everything you need for running a successful canteen in line with your state/territory canteen guidelines
- Kid friendly recipes
- Healthy and fun activities for kids
- Classroom resources for teachers
- Information for parents

Schools can SAVE with a 3 year membership!

PLUS

- Free tickets to the Healthy Kids Expo 2023 (NSW/ACT only)
- Receive two Healthy Kids Members Magazines per year
- A membership certificate for display
- Access to Accredited Practising Dietitians, Nutritionists and Health Promotion Officers via our advice line
- Free advertising for all canteen positions vacant across Healthy Kids web and social media platforms
- Regular emails packed with the latest news, advice, videos, recipes, programs, webinars, events and offers
- Access to exclusive partner offers including: Sign up to use Spriggy Schools for online ordering and have your first term of transaction fees completely waived, instantly saving you hundreds of dollars! (There are no deadlines, lock-in contracts or setup costs). Visit spriggyschools.com.au to find out more.

DID YOU KNOW

Data has shown **9 out of 10 Australian children** aged 9-11 did not meet the recommended daily serves of dairy foods.[1]

A GLASS OF MILO® AND MILK CAN CONTRIBUTE TO DAILY DAIRY INTAKE AND PROVIDES:

A SOURCE OF PROTEIN to help nourish growing muscles^

A good source of **CALCIUM & VITAMIN D** for strong bones^

High in **IRON** to support the release of energy in the body^

LOW GI sustained energy*^

LOW GI*

MILO = 41 (Low) made with skim milk
MILO 30% Less Added Sugar = 42 (Low) made with skim milk
MILO Plant Based Energy = 45 (Low) made with lite soy milk

*® of GI Symbol Reg. Trademark of Glycemic Index Foundation

1. Australian Bureau Statistics. Australian Health Survey: Consumption of food groups from the Australian Dietary Guidelines Australia 2011-12. 4364.0.55.012.

^Formulated Supplementary Food. When MILO and skim milk, MILO 30% Less Added Sugar and skim milk and MILO Plant Based Energy and lite soy milk are consumed supplementary to a diet containing a variety of foods.
