TASTES**

Many schools already have healthy canteens, and are teaching children about nutrition and kitchen gardening.

Fresh Tastes extends this approach to make healthy food and drinks a strong feature of school life.

Fresh Tastes is working with business and community partners to provide support for schools.

**Every Fresh Tastes school can receive
free resources and incentives over
three years.**

**To register your interest, please visit

Fresh Tastes is a partnership between ACT Health, ACT Education and Training Directorate and the Catholic Education Office.
