

Using The Big Vegie Crunch student acknowledgement stickers

About the Resource

Stickers continue to be a popular way to acknowledge students participation in The Big Vegie Crunch event.

As the Vegetable Week & The Big Vegie Crunch program resources are all provided digitally (no hardcopy resources are provided), these stickers have been provided as a template for you to print out either on your office printer or via a commercial printer.

Information on how to print the stickers is provided below.

How to print the stickers

These can be printed in-house, on a standard office printer, or can be printed by a commercial printer.

To print in-house

- Purchasing information. Purchase 40 mm round sticker labels on sheets.

These size stickers are a standard Avery brand product (Round White Multi-purpose Labels, product number 959146, software code L6112) and can be found in many office supply retailers. The cost of purchasing the labels is approximately \$5.00 per 100 stickers, not including postage. Other Avery 40 mm round sticker labels that can also be used are: Matte White Round Pricing Labels (removable), product number 910007, software code L7129; and Glossy White Round Labels, product number 980052, software code L7147.

- Printing information. Download the **In-House Printing** resources.

Place the label sheets in the correct printer tray. On the printer choose A4 size (full bleed/actual size/100% scale) and colour. For laser printers use your printing Properties or Preferences to change the Paper or Media Type to Labels. Do a test on one label sheet to ensure the orientation of the sheet is correct (e.g. the sticker sheet needs to be face up or face down) and that the printer settings are correct.

For In-house printing, a mostly white version has also been provided for reduced ink use.

For commercial printing

- Provide the printer with the web-links to download the Commercial Printing resources.
